Dear David,

I would like to express my gratitude for the help you provided to our organization. Your consulting expertise and training programs, "High Performance Leadership" and "Developing a High Performance Strategy", have clearly demonstrated value and provided us with the foundation to exceed our company goals.

Your engaging style, business experience, and results driven methodology was very effective with my senior management team. Each team member has become a more valuable person to the organization and we have seen measurable increases in on-time product shipments, revenue, and profitability.

The entire team agreed that the company is positioned far better now to accelerate our growth and I would recommend your services to any organization looking to enhance their business performance.

Sincerely,

Jeff Hollinger
President
